MICRO-ENTERPRISE MENTORSHIP PROGRAM

m-PowerRatings operates a mentoring/sponsorship program, matching subscribers with existing black micro-enterprises such as painters, tilers, builders and many other artisans, who advertise their services in rudimentary ways on roadside lampposts, walls and fences. Through this program, the mentor company gains points towards its BEE scorecard, whilst the micro-enterprise gets a free listing on the website. The listing is a valuable marketing facility and includes contact details, work experience, references, and a photograph of the person, as well as the name of the sponsor organisation. For more details, visit the "Information" section of our website.
